=====
Get into the habit of coming to your Post on Monday nights. The first Monday of the month is the regular business meeting of the general membership and the third Monday is a Social Meeting. Beginning in September the committee appointed by Commander Bob has some interesting plans for programs that you will enjoy. Don't let them down. The second and fourth Mondays are Executive Committee meetings. Any Post Member is welcome to sit in. Dick Ward has the 1967 membership cards. Why not give him your \$7.50 now before he gets out notices? And how about asking your friend and neighbor to join?
